

April 22, 2013

Please consider this a 'Request for Public Records.'

On April 15, 2013, I requested the names of the three lawyers/law firms that the city had considered prior to hiring John Maupin and Keith Cheung. (This would be in compliance with City Ordinance Section 115:170: Designation of Assistant City Attorneys – Special Council.)

On April 19, 2013, I received an email from Kate Demeter stating the city has 'no documents responsive to those requests.'

On April 12, 2013, Matt Pirrello held a question and answer informational meeting in the council chamber. When he was asked for the names of the three attorneys considered for special council in accordance with the ordinance, he noted that a list of 'five plus names' exists.

Please consider this a request for the 'five plus names' that the city considered prior to hiring Maupin, Cheung, and Chaissang as noted by Matt Pirrello.

These names may be sent to my email address: edoreilly640@gmail.com

Sincerely,
